UMB # 1460

Skeletal muscle from right anterior thigh, Frozen
Temporalis muscle, L, Frozen
Entire brain fixed except for frontal cortex which was frozen
Did not arrive in good condition.
No tissue shipped.

UMB # 862

The coroner's office shipped the fixed and frozen brain in the same container. All samples including the fixed tissue were frozen.

Although the coroner said that he had collected frozen quadriceps, deltoid and biceps, the only tissue we found was frozen cartilage – useless.
Did not arrive in good condition.

Fixed and frozen brain available.
No shipped tissue.
